INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of the governmental activities, each major fund, the budgetary comparisons for the general fund and the aggregate remaining fund information of the Pinellas Suncoast Fire & Rescue District, as of and for the year ended September 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Pinellas Suncoast Fire & Rescue District, as of September 30, 2010, and the respective changes in financial position thereof and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated April 11, 2011 on our consideration of the Pinellas Suncoast Fire & Rescue District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Board of Fire Commissioners  
Pinellas Suncoast Fire & Rescue District

The *accompanying management's discussion and analysis* on pages 3 through 11 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The *accompanying introductory section, individual general fund financial statements, schedules and statistical tables* are presented for purposes of additional analysis and are not a required part of the basic financial statements. The *individual general fund financial statements and schedules* have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The *introductory section and statistical tables* have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly we express no opinion on them.

*Davidson, Jamison & Cristini, P.L.*

April 11, 2011

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

## PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

### Management's Discussion and Analysis September 30, 2010

As management of the Pinellas Suncoast Fire & Rescue District (district), we offer readers of the district's financial statements this narrative overview and analysis of the district's financial activities for the fiscal year ended September 30, 2010.

#### **FINANCIAL HIGHLIGHTS**

- (A) The assets of the district exceeded its liabilities at the close of the 2010 fiscal year by \$3,063,380 (*net assets*). Of this amount, \$1,382,940 (*unrestricted net assets*) may be used to meet the district's ongoing obligations to property owners and creditors.
- (B) The district's net assets increased by \$103,831. A 45% (\$773.5K) EMS funding cut-back this year necessitated a realignment of all operating expenses. A focused cost control management effort by all, including a Union approved waiver of a contracted 5% pay increase, was implemented to compensate for the lost revenues. The end result was an overall 3.9% operational expense decrease, affecting this net asset increase.
- (C) As of the close of the 2010 fiscal year, the district's governmental funds (general and capital projects funds) reported an ending fund balance of \$2,035,704, an increase of \$198,369 in comparison with the prior year. Approximately \$1,775,612 is available for spending at the district's discretion.
- (D) The district entered into a seven year lease in fiscal year 2010 for the replacement of a "Pumper" fire truck. Outstanding obligation, which includes compensated absences, obligations for post-employment healthcare and the seven year lease at the end of fiscal year 2010 is \$769,687.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the district's basic financial statements. The district's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

##### **Government-wide financial statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the district's finances, using accounting methods similar to a private-sector business. These statements include all assets and liabilities on the accrual basis of accounting. All current year revenues and expenses are taken into account regardless of when the cash is received or paid.

## PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

### Management's Discussion and Analysis September 30, 2010

The *statement of net assets* presents information on all of the district's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the district is improving or deteriorating.

The *statement of activities* presents information showing how the district's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. unused vacation leave).

The government-wide financial statements should distinguish functions of the Pinellas Suncoast Fire & Rescue District (district) that are principally supported by the district's residents and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). All of the district's activities are governmental. The district is the *primary government* and has no component units.

The government-wide financial statements can be found on pages 12 and 13 of this report.

#### **Fund Financial Statements**

Traditional users of government financial statements will find the fund financial statement presentation more familiar. The fund financial statements provide more information about the District's general fund - not the District as a whole.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The district, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The district's funds consist of the general fund and the capital projects fund categories.

**Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

## PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

### Management's Discussion and Analysis September 30, 2010

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the district's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The district maintains two governmental funds, its general fund and a capital projects fund. These funds are presented in the governmental fund balance sheets and in the governmental fund statement of revenues, expenditures, and changes in fund balances.

The district adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 14 through 18 of this report.

#### **Fiduciary Funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are *not* reflected in the government-wide financial statements because resources of those funds are *not* available to support the district's own programs. Accounting used for fiduciary funds is much like that used for the government-wide financial statements.

The District had no fiduciary funds in 2010.

#### **Notes to the financial statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19 through 48 of this report.

#### **Other information**

Individual general fund financial statements and schedules can be found on pages 49 - 55 of this report.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT  
Management's Discussion and Analysis  
September 30, 2010

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the district's case, assets exceeded liabilities by \$3,063,380 at the fiscal year ended on September 30, 2010.

The district's capital assets represent investments in land, buildings and improvements and equipment. Approximately 45% of the total net assets are capital assets. The district uses these capital assets to provide services to its citizens and property owners, consequently, these assets are not available for future spending. Although the district's investment in its capital assets is reported net of related debt, it should be noted that the district only has debt outstanding for the newest 'Pumper' fire truck and the capital assets themselves cannot be used to liquidate general operating liabilities.

The *unrestricted* category of net assets, with a balance of \$1,382,940 at year end, may be used to meet the district's ongoing obligations to citizens and creditors and is shown in the following schedule:

	Governmental Activities	
	2010	2009
Cash	\$ 1,527,950	\$ 1,696,668
Other current assets	674,609	276,325
Capital assets, net	1,803,488	1,456,053
<b>Total Assets</b>	4,006,047	3,429,046
Long-term liabilities	624,079	256,839
Other liabilities	318,588	212,658
<b>Total liabilities</b>	942,667	469,497
Net Assets:		
Capital assets	1,420,348	1,436,053
Capital projects	260,092	707,293
Unrestricted	1,382,940	816,203
<b>Total Net Assets</b>	\$ 3,063,380	\$ 2,959,549

At the end of the fiscal year, the district was able to report a positive balance in both of its categories of net assets. Although County EMS funding decreased \$ 770k (minus 45%), the district's net assets increased by \$103,831. This increase may be attributed to an increase in assessment revenues and a management focus on cost containment.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

Management's Discussion and Analysis  
September 30, 2010

**Governmental activities.** As the district has no business-type activities, governmental activities were responsible for increasing the district's net assets. The increase is primarily attributed to the 30% property assessment revenue increase of \$801.6k which is the result of prior year new construction assessments throughout the district. Additionally, the district incurred minimal capital outlay expenditures.

**Pinellas Suncoast Fire & Rescue District's Change in Net Assets**

	Governmental Activities

## PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

### Management's Discussion and Analysis September 30, 2010

#### **Financial Analysis of the District's Funds**

As noted earlier, the district uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the district's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the district's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the district's chief operating fund. At the end of the current fiscal year, the total and unreserved undesignated fund balance of the general fund was \$1,775,612. As a measure of the general fund's liquidity, it may be useful to compare the unreserved fund balances to total fund expenditures. The unreserved fund balance and the total fund balance to total general fund expenditures in 2010 was 40%, while the same comparison for 2009 was 33% and 35% respectively.

The general fund balance increased \$195,570 during the current fiscal year. Key factors for this increase are as follows:

- A 1% net increase in general revenues in the amount of \$54,449.
- A 4% decrease in net program expenditures of \$202,291.

#### **General Fund Budgetary Highlights**

An annual budget is legally adopted for the general fund and was not amended during 2010. Expenditures were under budget by \$431,512 thereby resulting in the need to use less than the budgeted use of fund balance of \$197,396. The current property assessments represented 76% of the district's total revenue that increased from the 2009 assessments by \$801,626.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

Management's Discussion and Analysis

## PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

### Management's Discussion and Analysis September 30, 2010

#### **Total Capital**

Additional information on the district's capital assets can be found in note 7 on page 35 of this report.

#### **LONG-TERM DEBT**

At the end of 2010, the district had total long-term debt outstanding made up of a capital lease obligation, a post-employment health care obligation and accrued sick and vacation pay totaling \$769,687.

More detailed information about the district's long-term debt can be found in note 8 on page 39 of this report.

#### **ECONOMIC FACTORS**

The district's board of commissioners approved a \$4,101,236 budget for the 2011 fiscal year. This is a 10% decrease and includes the release of two part time firefighters, plus the addition of one new admin position.

#### **CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN FUND BALANCE OF THE GOVERNMENTAL FUND  
TO THE STATEMENT OF ACTIVITIES  
GOVERNMENTAL FUNDS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2010

Net change in fund balance - total governmental fund \$ 198,369

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures.

However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.

Expenditures for capital assets	\$ 504,080	
Less current year depreciation	<u>133,828</u>	
		370,252

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental fund:

Proceeds from capital lease	(440,789)	
Loss on disposal of capital assets	(22,817)	
Accrued interest expense	(6,125)	
Debt payments	57,649	
Post-employment health care obligations	(28,384)	
Change in compensated absences	<u>(24,324)</u>	<u>(464,790)</u>
Change in net assets of governmental activities		<u>\$ 103,831</u>

See Notes to Financial Statements.

**NOTES TO**  
**FINANCIAL STATEMENTS**

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

1. Summary of Significant Accounting Policies

The Pinellas Suncoast Fire & Rescue District (District) maintains its accounting records in accordance with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below:

Reporting Entity - The District is a political subdivision of the State of Florida, located in Pinellas County in the southwest portion of the State. The District was incorporated in 1953 under the provisions of the Laws of Florida, Chapter 29438 under a Board of Commissioners (Board) structure. On June 5, 2000, the Charter was amended to, among other items, provide for the renaming of the District and restated the boundaries of the District. The District is approximately nine square miles in area. The District was organized to prevent and control damage, destruction or injury to people or property by fire, disaster, or other emergencies and to provide Emergency Medical Services (EMS) to citizens in need in the District in accordance with an annually renewable agreement for services between the District and the Pinellas County, Florida Board of County Commissioners.

In evaluating how to define the Pinellas Suncoast Fire & Rescue District, (the primary government) for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 14.

This governmental accounting standard requires that this financial statement present the District (the primary government) and its component units. Component units generally are legally separate entities for which a primary government is financially accountable. Financial accountability ordinarily involves meeting both of the following criteria: the primary government is accountable for the potential component unit (i.e., the primary government appoints the voting majority of its board) and the primary government is able to impose its will upon the potential component unit, or there is a possibility that the potential component unit may provide specific financial benefits or impose specific financial burdens on the primary government. The following component units have been presented in the District's reporting entity as blended component units because of the significance of their operational or financial relationships with the District.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

1. Summary of Significant Accounting Policies (Continued)

Government-wide and fund financial statements - As discussed more fully in Note 17 the District has adopted the provisions of GASB Statement No. 34, "Basic Financial Statements and Management Discussion and Analysis for State and Local Governments." The government-wide financial statements required under this statement (the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which are supported by taxes and intergovernmental revenues, continue to be reported separately from fiduciary funds.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental (general and capital projects) funds. Fiduciary funds and component units that are fiduciary in nature (i.e. the pension trust funds) are excluded from the government-wide financial statements. The District does not currently have any fiduciary funds. The major individual governmental fund is reported as a separate column in the fund financial statements.

Since the governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental activities column, a reconciliation is presented on the page following each statement, which briefly explains the adjustments necessary to reconcile the fund based financial statements to the governmental activities column of the government-wide presentation.

Measurement focus, basis of accounting, and financial statement presentation- The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

1. Summary of Significant Accounting Policies (Continued)

of related cash flows. Property assessments are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The only revenue that is susceptible to accrual is interest revenue. EMS revenues collected and held by Pinellas County, Florida at year end on behalf of the District also are recognized as revenue of the current fiscal period. Plan and inspection fees are not susceptible to accrual because generally they are not measurable until received in cash. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *capital projects fund* accounts for revenues generated under the Public Safety Construction Fee Resolution which is designated for acquisition and construction of capital improvements. This Resolution was adopted and the fund was established during the fiscal year ended September 30, 2005.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

1. Summary of Significant Accounting Policies (Continued)

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all property assessments.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Assets, Liabilities, and Net Assets or Equity:

Deposits and investments - The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

The District's investment policy is to maintain funds in investments which yield the highest possible efficiency and return within the limitations established by Florida Statutes, Chapter 218.415. Provisions of those statutes authorize the District to invest in:

- a) Florida State Board of Administration Local Government Pooled Investment Fund.
- b) Bonds, notes or other obligations of the United States or for which the credit of the United States is pledged for the payment thereof.
- c) Interest-bearing time deposits, savings accounts or collective investment funds in banks or savings and loan associations organized under the laws of the United States.
- d) Obligations of the federal farm credit banks and the Federal Home Loan Mortgage Corporation.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

1. Summary of Significant Accounting Policies (Continued)

- e) Obligations of the Federal National Mortgage Association and the Government National Mortgage Association.

Investments in fixed income securities are stated at fair value. Fair value is the amount at which an investment could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Florida State Board of Administration Local Government Pooled Investment Fund has met the criteria to be considered a “2A-7 like” Investment Fund as defined by GASB Statement No. 31. Therefore, amortized cost may be used for valuation. The fair value of the District’s investment in this pool is determined by the pool’s share price (account balance).

Short-term investments are reported at amortized cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair values.

Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Receivables and payables - Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

All accounts and intergovernmental receivables, are shown net of an allowance for uncollectibles. Trade accounts receivable in excess of 180 days comprise the trade accounts receivable allowance for uncollectibles.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

1. Summary of Significant Accounting Policies (Continued)

Prepaid Items - Certain payments to vendors and for insurance premiums reflect costs applicable to future accounting periods and are recorded as prepaid items. The costs of governmental fund-type prepaid items are recorded as expenditures using the purchase method. Under this method, prepaid items are recorded as expenditures when purchased. Prepaid items reported in the general fund are therefore equally offset by a fund balance reserve, which indicates the assets are unavailable for appropriation even though they are a component of reported assets.

Property Assessment - Under Florida law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector.

The special assessment levy (assessment) of the District is established by the Board of Commissioners on or after February 1 of each year and the Pinellas County Property Appraiser incorporates the District's assessment into the total tax levy, which includes the Pinellas County District School Board tax requirements. The District may change the rate of assessment from that assessed in the prior year only if approved by referendum. The 2009 assessment by the District was \$2,648,035.

An assessment roll showing the assessment rate is prepared and completed by the Board of Commissioners on or before September 10 of each year.

The Board of Commissioners, upon the adoption of the resolution fixing the rate of assessment, shall prepare an assessment and collection roll setting forth a description of each lot or parcel of land subject to taxation in the district together with the amount of assessment against the lot or parcel of land and attach thereto a certified copy of the resolution fixing the rate of assessment, and it shall, before September 15 each year, deliver the roll to the County Tax Collector of Pinellas County, for collection of the assessments. All assessments shall be made against the land subject to assessment, and the roll shall set forth the names of the owners of such land.

All assessments are due and payable on November 1 of each year or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid assessments become delinquent on April 1 following the year in which they are assessed.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

1. Summary of Significant Accounting Policies (Continued)

Delinquent assessments bear interest at 18% per year. On or prior to June 1 following the tax year, certificates are sold for all delinquent assessments. After sale, tax certificates bear interest at 18% per year or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years.

Because of the Pinellas County Tax Collector's Office efficient system for selling tax certificates and remitting the proceeds to the District, any delinquent or uncollected assessments at year end are immaterial. The District's assessment calendar is as follows:

Valuation Date:	January 1
Levy Date:	November 1
Due Date:	March 31, succeeding year
Lien Date:	April 1, succeeding year

Capital assets - Capital assets, which include property, plant and equipment are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$1,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred, if any, during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the District, is depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	45 - 55
Buildings and improvements	20 - 30
Equipment	5 - 15

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

1. Summary of Significant Accounting Policies (Continued)

Compensated absences - It is the District's policy to permit employees to accumulate earned but unused vacation, holiday and sick pay benefits.

Accrued Leave - Permanent, full-time employees earn vacation and sick leave beginning with an employee's first pay period and accruing according to the number of regularly scheduled hours an employee works and the length of service.

Accrued Leave (Continued):

Holiday Leave:

In consideration for time worked on and around holidays while other departmental employees are off, the following compensation will be granted at the rate of twelve (12) hours holiday time per holiday for all fifty-six hour per week employees.

The maximum time that will be accumulated at the end of each calendar year will be one hundred twenty (120) hours. There is no intended minimum limit to hours taken during any particular year.

Vacation Leave:

All full-time and part-time employees shall accrue vacation time from their first full calendar month of employment with the District so as to enjoy the following vacation leave upon completion of each level of service:

<u>Service Completed</u>	<u>Fifty-Six Hour Personnel Vacation</u>
1 thru 2 Years of Completed Service	6-24 Hr Shifts
3 thru 4 Years of Completed Service	9-24 Hr Shifts
5 Years of Completed Service	12-24 Hr Shifts
6 thru 7 Years of Completed Service	13-24 Hr Shifts
8 thru 10 Years of Completed Service	14-24 Hr Shifts
11 thru 13 Years of Completed Service	15-24 Hr Shifts
14 or More of Completed Service	16-24 Hr Shifts

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

1. Summary of Significant Accounting Policies (Continued)

Accrued Leave (Continued):

Service Completed	Work Days		
	Salaried-Shift Personnel	Salaried- Day Personnel	Hourly Staff
After 1 year of service	6	10	10
After 2 years of service	6	10	10
After 3 years of service	9	15	15
After 4 years of service	9	20	15
After 5 years of service	12	21	20
After 6 years of service	13	22	21
After 7 years of service	13	23	22
After 8 years of service	14	24	23
After 9 years of service	14	25	24
After 10 years of service	14	26	25
After 11 years of service	15	27	26
After 12 years of service	15	28	27
After 13 years of service	15	29	28
After 14 years of service	16	30	29
After 15 years of service	16	30	30
After 20 years of service	16	30	30

Up to 120 hours of vacation may be carried forward into the year following that in which it was earned, provided that no such pool shall be allowed unless approved by the Chief, and provided further that only one rollover of vacation time will be approved, and any vacation rolled over into the succeeding year must be used in that year or it shall be deemed forfeited. At termination employees are paid for any accumulated vacation leave that is available at that time.

Sick Leave:

It is the District's policy that all full-time (forty hour per week) employees earn twelve (12) hours of sick leave for each full month of employment. All full-time (fifty-six hour per week) employees earn twelve (12) hours of sick leave for each full month of employment after six months of employment. Sick leave may be accumulated up to a maximum of one thousand four hundred forty hours for all forty hour per week employees

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

1. Summary of Significant Accounting Policies (Continued)

Accrued Leave (Continued):

and for all fifty-six hour per week employees. Unused sick leave is payable to the employee's beneficiary at an amount equal to his accrued sick leave, up to a maximum of seven hundred and twenty hours in the event of death in the line of duty or suffers death on account of injuries sustained in the line of duty.

Vacation Leave:

In the event of retirement, as defined by the Florida Retirement System, or any job-related disability retirement, as defined by the Florida Retirement System, then the Department shall pay to the employee, at the effective date of retirement, an amount equal to two percent (2%) of the employee's total accrued sick leave for each year of employment, up to a maximum of fifty percent (50%) of the total maximum of four hundred and eighty (480) hours, computed at the rate of pay paid to the employee at the time of retirement.

Vested or accumulated vacation and sick leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation and sick leave that are not expected to be liquidated with expendable available financial resources are reported in the general long-term debt account group. No expenditure is reported for these amounts.

All sick and vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations - Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

1. Summary of Significant Accounting Policies (Continued)

Fund equity - In the fund financial statements, governmental funds report reservations of fund balances for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Net assets - Net assets of the government-wide fund is categorized as invested in capital assets or unrestricted. The first category represents net assets related to capital assets.

Comparative data/reclassifications - Comparative total data for the prior year have been presented only for individual general and pension funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

Subsequent Events - Management has adopted the provisions set forth in GASB Statement No. 56 and FASB ASU No. 2010-09, *Subsequent Events*, and considered subsequent events through the date of the audit report which is the date that the financial statements were available to be issued.

2. Reconciliation of Government-wide and Fund Financial Statements

**A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets**

The governmental fund balance sheet includes a reconciliation between *fund balance - total governmental funds and net assets - governmental activities* as reported in the government-wide statement of net assets. The detail of this \$1,027,676 difference is as follows:

Capital assets, net of accumulated depreciation	\$	1,803,488
Accrued interest on debt		(6,125)
Post-employment health obligation		(28,384)
Capital lease obligation		(383,140)

Net adjustment to increase <i>fund balance - total Governmental funds</i> to arrive at <i>net assets - Governmental activities</i>	\$	<u><u>1,027,676</u></u>
--	----	-------------------------

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

2. Reconciliation of Government-wide and Fund Financial Statements (Continued)

**B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.**

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances - total governmental funds and changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expenses.” The details of this \$94,538 difference are as follows:

Capital outlay	\$	504,080
Depreciation expense		<u>(133,828)</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at changes in net assets of governmental activities	\$	<u><u>370,252</u></u>

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

2. Reconciliation of Government-wide and Fund Financial Statements (Continued)

Another element of that reconciliation states that “Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.” The details of this (\$464,790) difference are as follows:

Post-employment health care obligation	\$ (28,384)
Loss in disposal of capital equipment	(22,817)
Change in accrued interest expense	(6,125)
Principal debt payments	57,649
Proceeds from capital lease	(440,789)
Compensated absences	<u>(24,324)</u>
Net adjustment to reduce <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$ (464,790)</u>

3. Stewardship, Compliance and Accountability

Budgetary information - Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. On or before June 1 of each year, the department heads of each of the District's divisions submit requests for appropriation to the Fire Chief so that a budget may be prepared. The budget is prepared by fund, function and activity (divisions), and includes information on the past year, current year estimates and requested appropriations for the next fiscal year.

The proposed budget is presented to the Board of Commissioners (Board) for review by July 1. The Board holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated as available by the Fire Chief and the Division head or the revenue estimates must be changed by an affirmative vote of a majority of the Board.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

3. Stewardship, Compliance and Accountability (Continued)

Expenditures may not legally exceed budgeted appropriations at the division level within the general fund. During the year, there were no supplementary appropriations.

Encumbrances - Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

Finance-Related Legal and Contractual Provisions - The District is not in violation of any finance-related legal and contractual provisions.

Establishment/Elimination of Funds - During the fiscal year ended September 30, 2010, the District did not establish or eliminate any funds.

Excess of appropriation over expenditures - The general fund had an operating surplus of \$195,570 for the fiscal year ended September 30, 2010. The District's residents passed a referendum increasing the property assessment during the year ended September 30, 2010 to help cover the District's deficit during the prior fiscal year.

4. Deposits

At year-end the carrying amount of the District's deposits was \$1,527,950 and the bank balance maintains a balance of \$1,528,681. The District's operating and payroll account balances are swept into the bank's separate brokerage investment fund accounts each evening. Deposits in these accounts have been reported as investments in these financial statements. The bank balance was covered by federal depository insurance and, for the amount in excess of such federal depository insurance, by the State of Florida's Security for Public Deposits Act. Provisions of the Act require that public deposits may only be made at qualified public depositories. The Act requires each qualified public depository to deposit with the State

Treasurer eligible collateral equal to or in excess of the required collateral as determined by the provisions of the Act. In the event of a failure by a qualified public depository, losses, in excess of federal depository insurance and proceeds from the sale of the securities pledged by the defaulting depository, are assessed against the other qualified public depositories of the same type as the depository in default.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

5. Investments

Interest Rate Risk - The District manages its exposure to fair value losses arising from increasing interest rates through its adopted investment policies. The District limits the effective duration of its investment portfolio through the adoption of nationally recognized risk measure bench marks.

Credit Risk - Consistent with state law the District's investment guidelines limit its fixed income investments to a quality rating of 'A' or equivalent as rated by one or more recognized bond rating service at the time of purchase. Fixed income investments which are downgraded to 'Baa' or equivalent must be liquidated within a reasonable period of time not to exceed twelve months. Fixed income investments which are downgraded below 'Baa' shall be liquidated immediately.

The State Board of Administration (Board) was established on June 21, 1928, pursuant to Chapter 14486, 1929, Laws of Florida. The Board was subsequently created as a constitutional body corporate on January 1, 1943, under the provisions of Senate Joint Resolution No. 324, 1941; approved by the electorate in November 1942. The Board is composed of the Governor, as Chairman, the State Treasurer, as Treasurer, and the State Comptroller, as Secretary, and provides the following services by law: (1) investment of funds of the Florida Retirement System (FRS); (2) administration of debt service funds; (3) investment of trust and agency funds; and (4) distribution of the "Second Gas Tax."

The Local Government Pooled Investment Fund is governed by Ch. 19-7 of the Florida Administrative Code, which identifies the Rules of the State Board of Administration. These rules provide guidance and establish the general operating procedures for the administration of the Local Government Pooled Investment Fund. Additionally, the Office of the Auditor General performs the operational audit of the activities and investments of the State Board of Administration.

Since the Florida State Board of Administration (SBA) Local Government Pooled Investment Fund (Fund) typically owns a substantial amount of treasury bills and notes, the Fund has utilized security lending programs to generate supplemental income. This income is used to pay a significant portion of the fees associated with the Fund which otherwise would have to be paid from regular Fund earnings. Any residual is used to build the Fund's reserve on behalf of participants. Both of these goals have been accomplished without impacting the regular earnings in the Fund and with no change in the Fund's investment strategy. The investment in the Florida SBA pool is carried at the pool's share price at September 30, 2010.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

5. Investments (Continued)

During the fiscal year ended September 30, 2007 the fund reported that 6% of the fund was held in securities that were in default, had defaulted or were extended; 8% of the fund was held in securities that were under stress due to credit issues and 86% of the fund was held in high quality money market investments. In an effort to strengthen the fund's liquidity, the fund was divided into to parts:

Fund A contained all money-market appropriate assets and

Fund B consisted of assets in default, impaired or held significant credit risk.

The SBA Board adopted the following operating policy:

1. Shareholders were allowed to redeem (with no fees) from Fund A, the greater of
  - a) up to 37% of their holdings or
  - b) \$4 million
2. Establish a public-private partnership to allow shareholders to borrow cash against their shares.
3. Shareholders that need additional funds and were not able to make use of the credit facility may redeem Fund A shares subject to redemption fees.
4. Fund B shares are not liquid nor are they tradable.

Investments

The District's investments are uninsured and unregistered for which the securities are held by the broker or dealer, or by its Bank's trust department or agent but in the District's name. Investments that are not evidenced by securities that exist in physical or book-entry form include investments in open-ended mutual funds and pools managed by other governments.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

5. Investments (Continued)

Investments as of September 30, 2010 are presented as follows:

<u>Investment Type</u>	<u>Overall Credit Rating</u>	<u>Fair Value</u>	<u>Average Effective Duration (Years)</u>
U.S. Government agency securities	Aaa-AAA	\$ 513,644	4.85%
Temporary investments	N/A	6,542	N/A
Florida State Board of Administration Local Government Pooled Investment Fund (SBA) (Fund B)	Not Rated	<u>2,875</u>	Open-Ended
Total investments		<u>\$ 523,061</u>	

The fair value of these publicly traded investments was determined by the stock share or bond prices as of September 30, 2010.

*Interest Rate Risk:* Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment in debt securities. Generally, the longer the time to maturity, the greater the exposure to interest rate risk. Through its investment policies, the pension trust fund manages its exposure to fair value losses arising from increasing interest rates. The fund limits the effective duration of its investment portfolio through the adoption of nationally accepted risk measure benchmarks.

Custodial Credit Risk - Custodial credit risk is defined as the risk that the District may not recover cash and investments held by another party in the event of a financial failure. The District requires all securities to be held by a third party custodian in the name of the District. Securities transactions between a broker-dealer and the custodian involving the purchase or sale of securities must be made on a “delivery vs. payment” basis to ensure that the custodian will have the security or money, as appropriate, in hand at the conclusion of the transaction. The investments in mutual funds and investment fund are considered *unclassified* pursuant to the custodial risk categories of GASB Statement No. 3, because they are not evidenced by securities that exist in physical or book-entry form.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

5. Investments (Continued)

The District's investments at both carrying value and cost or adjusted cost as of September 30, 2010 are summarized as follows:

Investment	2010	
	Cost	Fair Value
U.S. Government agency securities	\$ 493,458	\$ 513,644
Temporary investments	6,542	6,542
Total	<u>\$ 500,000</u>	<u>\$ 520,186</u>

The District's investments appreciated (depreciated) in value during the year ended September 30, 2010 as follows:

	2010		
	Realized Appreciation (Depreciation)	Unrealized Appreciation (Depreciation)	Total
Investments at fair value as determined by quoted market price:			
U.S. Government agency securities	\$ -	\$ 20,186	\$ 20,186
Net increase in realized and unrealized appreciation (depreciation) of investments	<u>\$ -</u>	<u>\$ 20,186</u>	<u>\$ 20,186</u>

The calculation of realized gains and losses is independent of the calculation of net appreciation (depreciation) in the fair value of plan investments.

Unrealized gains and losses on investments sold in 2010 that had been held for more than one year were included in net appreciation (depreciation) reported in the prior year.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

5. Investments (Continued)

During the fiscal year ended September 30, 2010, the SBA Board announced that the fund was on track to return to full liquidity. Further the SBA Board expects that the SBA fund securities will pay in full at maturity.

6. Receivables

Receivables at September 30, 2010, consist of the following:

	<u>General Fund</u>
Receivables:	
Intergovernmental	\$ <u>151,548</u>
Gross receivables	151,548
Less: Allowance for uncollectibles	<u>-</u>
Net total receivables	\$ <u><u>151,548</u></u>

The receivables in the General Fund are due from county government and state agencies.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

7. Capital Assets

Capital asset activity for the year ended September 30, 2010 was as follows:

	Balance October 1, 2009	Increases	Decreases	Balance September 30, 2010
	<u>          </u>	<u>          </u>	<u>          </u>	<u>          </u>

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:	
Public safety - Fire and EMS Protection	\$ <u>133,828</u>
Total depreciation expenses - governmental activities	\$ <u><u>133,828</u></u>

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

8. Long-Term Debt

Capital Lease Obligation

During the fiscal year ended September 30, 2010 the District entered into a capital lease obligation to finance the cost of the pumper fire truck. The lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of the future minimum lease payments. The asset acquired through the capital lease is as follows:

Pumper fire truck	\$ 440,789
Less: accumulated depreciation	<u>12,926</u>
Net equipment subject to capital lease obligations	<u>\$ 427,863</u>

The future minimum lease obligations and the net present value of these lease payments as of September 30, 2010 were as follows:

<u>Year Ending</u> <u>September 30,</u>		
2011	\$	75,931
2012		75,931
2013		75,931
2014		75,931
2015		75,931
2016		<u>75,931</u>
Total minimum lease payments		455,586
Less amount representing interest		<u>72,446</u>
Present value of minimum lease payments	\$	<u><u>383,140</u></u>

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

8. Long-Term Debt (Continued)

Capital Lease Obligation (Continued)

Long-term debt is summarized as follows:

Description	Balance October 1, 2009	Additions	Deletions	Balance September 30, 2010
Capital lease obligation	\$ -	\$ 440,789	\$ 57,649	\$ 383,140
Post-employment health care obligation (Note 16)	-	28,384	-	28,384
Compensated absences	333,839	470,820	446,496	358,163
	<u>\$ 333,839</u>	<u>\$ 939,993</u>	<u>\$ 504,145</u>	<u>\$ 769,687</u>

Annual principal and interest payments of \$75,931 are due through June 2016 interest at 5.18%.

9. Accrued Leave

Accrued leave consists of the following at September 30, 2010:

	Accrued Vacation	Accrued Holiday	Accrued Sick	Total Accrued Leave
General Long-Term Debt	<u>\$ 143,265</u>	<u>\$ 64,470</u>	<u>\$ 150,428</u>	<u>\$ 358,163</u>

General long-term debt as of September 30, 2010, is made up of accrued leave costs which will not normally be liquidated with expendable available financial resources early in the 2009 accounting period. Specific due dates for the future payment of these costs cannot be forecast as of the date of these financial statements.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

10. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and distribution of assets; errors and omissions; injuries to employees; and natural disasters. The District purchases all of its insurance coverages from commercial insurance carriers.

The District also carries commercial insurance for all other risks of loss including health and employee accident insurance. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The District has not had any significant coverage reductions under these policies from the prior year.

11. Designated Fund Balances

Governmental Funds - The District has established the following designations:

Capital Projects Fund - unreserved, designated for:

Capital assets	\$ <u>260,092</u>
----------------	-------------------

Total Capital Projects Fund unreserved, designated	\$ <u><u>260,092</u></u>
--	--------------------------

General Fund - unreserved, designated for:

Capital assets	\$ <u>1,061,771</u>
----------------	---------------------

Total General Fund unreserved, designated fund	\$ <u><u>1,061,771</u></u>
--	----------------------------

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

12. Employee Retirement Systems

Florida Retirement System

Plan Description:

All Firefighters and general employees participate in the Florida Retirement System (System), a non-contributory cost-sharing multiple-employer public employee retirement system (PERS). The District does not provide postemployment benefits for firefighters or general employees other than pension benefits.

The District's current elected officials (Board of Commissioners) are required to participate in this system.

The District contributes to the FRS which is administered by the Florida Department of Management Services, Division of Retirement. FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Chapter 121 of the Florida Statutes, which may be amended by the Florida Legislature, assigns the authority to establish and amend benefit provisions to the Department of Management Services through the Division of Retirement. The FRS issues a publicly available financial report that includes financial statements and required supplementary information for FRS. That report may be obtained by writing to:

State of Florida  
Division of Retirement  
3639-C North Monroe Street  
Tallahassee, Florida 32399-1560

Funding Policy:

The FRS funding policy provides for monthly employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll are adequate to accumulate sufficient assets to pay benefits when due. Level percentage of payroll employer contribution rates, established by state law, are determined using the entry-age actuarial funding method. Future plan benefit changes, assumption changes, and methodology changes are amortized within 30 years, using level dollar amounts. Except for gains reserved for rate stabilization, future actuarial gains and losses are amortized on a rolling 10% basis, as a level dollar amount.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

12. Employees Retirement Systems (Continued)

Retirement benefits and the District's contribution rates are summarized as follows:

Membership Category	Retirement Benefit	Vesting	District Contributions Rate Actuarially Determined	
			Employer Contribution Rates Through June 30, 2010	Employer Contribution Rates Beginning July 1, 2010
Regular	1.6% times years of service times average compensation (5 highest years) if age 62 or 30 years of service at any age.	After 6 years of creditable service.	9.85% of covered payroll	10.77% of covered payroll
Special Risk	3.0% times years of service times average compensation (5 highest years) if age 55 or 25 years of service at any age.	After 6 years of creditable service.	20.92% of covered payroll	23.25% of covered payroll
Special District Elected Officers	Same as Special Risk	After 6 years of creditable service.	16.53% of covered payroll	18.64% of covered payroll
DROP From FRS	-	-	10.91% of covered payroll	12.25% of covered payroll

Deferred Retirement Option Program

The FRS Deferred Retirement Option Program (DROP) is available to a member when the member first reaches eligibility for normal retirement. DROP allows a member to retire while continuing employment for up to 60 months. During DROP participation, the member's retirement benefits (increased by a cost-of-living adjustment each July) accumulate in the FRS Trust Fund and earn monthly interest equivalent to an annual rate of 6.5%. The member must cease employment after a maximum of 60 months, must satisfy the termination requirements for retirement, and is subject to reemployment restrictions thereafter. The member's DROP accumulation may be paid out as a lump sum payment, a rollover, or a combination partial lump sum payment and rollover. Employers must pay contributions at a rate of 10.91% of salary for all DROP participants prior to June 30, 2010. The contribution rate for DROP participants after July 1, 2010 was also 12.25%. FRS also provides disability and survivors' benefits.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

12. Employees Retirement Systems (Continued)

Funding Policy (Continued):

The District's contributions include 1.11% for a post-retirement health insurance subsidy. FRS also provides disability and survivors benefits.

The contribution requirements of employers are established and may be amended by the Division of Retirement. The District's contributions and its required contributions for the five years ended September 30, 2010 are summarized as follows:

<u>Year Ended</u>	<u>Required Contribution</u>	<u>Percentage Contributed</u>
September 30, 2006	\$ 391,173	100.0%
September 30, 2007	444,994	100.0
September 30, 2008	501,633	100.0
September 30, 2009	525,689	100.0
September 30, 2010	476,604	100.0

13. Postemployment Benefits Other Than Pension Benefits

Postemployment health care benefits are made available to the District's terminated employees in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). Under COBRA, the District is required to offer an election to deceased or terminated participants, their spouses or dependents to continue coverage in the health plan provided by the District. The cost of coverage which the District may charge the participant may not exceed 102% of the applicable premium.

14. Contingent Liabilities

During the fiscal year ended September 30, 2008 the District has entered into five year operating leases for space in Indian Shores, Florida and a new copier. Terms of the lease do not provide for scheduled rent increases.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

14. Contingent Liabilities (Continued)

Future minimum annual maturities under the terms of these leases are summarized as follows:

<u>Year Ended September 30</u>	<u>Amount</u>
2011	\$ 20,873
2012	3,478
Total	<u>\$ 21,478</u>

The District did not receive federal grant funds during the fiscal year ended September 30, 2010 which were subject to the program compliance audit by the grantee under the Office of Management and Budget Circular A-133.

15. Deferred Compensation Plan

The District maintains a deferred compensation plan (plan) under the provisions of Section 457 of the Internal Revenue Code, as amended. This law stipulates that all assets and income of the plan must be held in trust for the exclusive benefit of the Plan participants and their beneficiaries. The District's plan is administered by the Capital Guardian Trust, Inc. and provides the plan participants with the option to invest in over four different registered investment funds (mutual funds). The District has adopted a trust for this Plan in accordance with Section 457(b) of the Internal Revenue Code. Although the District will be the Trustee of this plan, the District has no administrative involvement and performs no investing function for the plan and has not therefore, included the plan in this financial report.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

16. Post-Employment Health Care Benefits

Postemployment health care benefits are made available to the District's terminated employees in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). Under COBRA, the District is required to offer an election to deceased or terminated participants, their spouses or dependents, to continue coverage in the health plan provided by the District. The cost of coverage which the District may charge the participant may not exceed 102% of the applicable premium.

GASB Statement No. 45: *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions* (OPEB), established new accounting standards for postretirement benefits. The new standard does not require funding of OPEB expense, but any difference between the annual required contribution (ARC) and the amount funded during the year is required to be recorded in the employer's financial statement as an increase (or decrease) in the net OPEB obligation. The effective date for implementation of GASB 45 by the District is October 1, 2009. Accordingly, the District did obtain an actuarial valuation in accordance with GASB 45 standards as of October 1, 2009, and discloses the following:

**Plan Description and Funding Policy**

Employees who retire from the District (District), and eligible dependents and survivors, are eligible to continue to participate in the District's health insurance programs at the "blended" employee group rate which is determined annually by the District and approved by the District Trustees. Retirees have 31 days to elect to enroll in the District's health insurance plan in which they were participating at the time of retirement unless otherwise stated in a plan document or collective bargaining agreement. As of September 30, 2010, a total of sixty-six eligible retirees and dependents were participating in the District's health program.

The District provides no funding for any portion of the premiums after retirement. However, the District recognizes that there is an "implicit subsidy" arising as a result of the blended rate premium since retiree health care costs, on average, are higher than active employee healthcare costs. The plan is not accounted for as a trust fund and an irrevocable trust has not been established to fund the plan. The plan does not issue a separate financial report.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

16. Post-Employment Health Care Benefits (Continued)

**Annual OPEB Cost and Net OPEB Obligation**

The District's annual other post-employment benefits (OPEB) cost is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The District's annual OPEB cost for its plan for the current year is as follows:

	<u>Annual OPEB Cost</u>
Annual required contribution (ARC)	\$ 59,507
Interest on net OPEB obligation	-
Adjustment to ARC	<u>-</u>
Annual OPEB cost	59,507
Contributions made (pay-as-you-go basis)	<u>31,123</u>
Increase in net OPEB obligation	28,384
Net OPEB obligation, beginning of year	<u>-</u>
Net OPEB obligation, end of year	<u>\$ 28,384</u>

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the status of the plan and the annual required contributions of the District are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information in the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. Since this is the first year of implementation there is no prior year information.

PINELLAS SUNCOAST FIRE & RESCUE DISTRICT

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

16. Post-Employment Health Care Benefits (Continued)

**Actuarial Methods and Assumptions**

Projection of benefits are based on the substantive plan and include the type of benefits in force at the valuation date and the pattern of sharing benefits between the District and the plan members at that point. Actuarial calculations reflect a long term perspective and employ methods and assumptions that are designed to reduce the short term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions used for this valuation are as follows:

Measurement Date	October 1, 2009
Actuarial Cost Method	Projected Unit Credit
Amortization method	Closed
Discount rate	4.00%
CPI	3.20%
Health Cost Trend Rate	10% (grading down to 5% in 2020)
Payroll Growth Rate	3.0% annually

# STATISTICAL SECTION

This part of the Pinellas Suncoast Fire & Rescue District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

<b>Content</b>	<b>Page</b>
Financial Trends	56
<i>These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time</i>	
Revenue Capacity	63
<i>These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.</i>	
Debt Capacity	68
<i>These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue debt in the future.</i>	
Operating Information	70
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.</i>	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Board of Commissioners  
Pinellas Suncoast Fire & Rescue District  
Indian Rocks Beach, Florida

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, the budgetary comparisons for the general fund, and the aggregate remaining fund information of the Pinellas Suncoast Fire & Rescue District (District) as of and for the year ended September 30, 2010, which collectively comprise the District's basic financial statements and have issued our report thereon dated April 11, 2011.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Board of Commissioners  
Pinellas Suncoast Fire & Rescue District  
Indian Rocks Beach, Florida

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we considered to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the District in a separate letter dated April 11, 2011.

This report is intended for the information of the Pinellas Suncoast Fire & Rescue District and the State of Florida Office of the Auditor General and is not intended to be and should not be used by anyone other than those specified parties.

The Board of Commissioners  
Pinellas Suncoast Fire & Rescue District  
Indian Rocks Beach, Florida

We have audited the financial statements of the Pinellas Suncoast Fire & Rescue District as of and for the fiscal year ended September 30, 2010 and have issued our report thereon dated April 11, 2011.

We conducted our audit in accordance with United States generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. We have issued our Independent Auditor's Report on Compliance and Internal Control over Financial Reporting. Disclosures in that report, which are dated April 11, 2011 should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with Chapter 10.550, Rules of the Auditor General which governs the conduct of local governmental entity audits performed in the State of Florida. This letter includes the following information which is not included in the aforementioned auditor's reports or schedule:

Those rules (Section 10.554(1)(i)(1)) require that we address in the management letter, if not already addressed in the auditor's report on internal controls and compliance, whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made on internal control and compliance issues during the preceding annual financial audit.

As required by the Rules of the Auditor General (Section 10.554(1)(i)(2)), the scope of our audit included a review of the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with our audit, we determined that the Town complied with Section 218.415, Florida Statutes.

The Board of Commissioners  
Pinellas Suncoast Fire & Rescue District  
Indian Rocks Beach, Florida

As required by the Rules of the Auditor General (Section 10.554(1)(i)(3)), the scope of our audit included a review of possible recommendations to improve the local government entity's financial management. In connection with our audit we did not have any such recommendations.

The Rules of the Auditor General (Section 10.554(1)(i)(4)) requires address violations of provisions of contracts or grant agreements, or abuse, that have an effect on the financial statements that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.

The Rules of the Auditor General (Section 10.554(1)(i)(5)) provides that the auditor may, based on professional judgment, report the following matters that have an inconsequential effect on financial statements, considering both quantitative and qualitative factors: (1) violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse, and (2) control deficiencies that are not significant deficiencies. In connection with our audit, we did not have any such findings.

The Rules of the Auditor General (Section 10.554(1)(i)(6)) requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter unless disclosed in the notes to the financial statements. Legal authority includes the general law, special acts, ordinances, resolutions, or other means by which the local government entity was created and is governed. This disclosure has been included in the District's Comprehensive Annual Financial Report for the fiscal year ended September 30, 2010.

The Rules of the Auditor General (Section 10.554(1)(i)7.a requires that the auditor state whether or not the governmental entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes and identify the specific condition or conditions met. During the course of our audit of the District's financial statements for the fiscal year ended September 30, 2010, we found that the District did not meet any of the conditions described in Section 218.1503(1), Florida Statutes.

The Rules of the Auditor General (Section 10.554(1)(i)7.b requires a statement as to whether or not the financial report filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the current audit period. We determined that the Comprehensive Annual Financial Report for the Town for the fiscal year ended September 30, 2010 is in agreement with the financial report filed with the Florida Department of Financial Services for the fiscal year ended September 30, 2010.

The Board of Commissioners  
Pinellas Suncoast Fire & Rescue District  
Indian Rocks Beach, Florida

The Rules of the Auditor General (Section 10.554(1)(i)7.c and 10.536(7) requires that we apply financial condition assessment procedures. It is management's responsibility to monitor the District's financial condition and our financial condition assessment was based in part on representations made by management and the review of financial information provided by them.

Pursuant to Chapter 119, Florida Statutes, this management letter is public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this letter is intended solely for the information and use of management, and the Florida Auditor General, and is not intended to be and should not be used by anyone other than these specified parties.

April 11, 2011

The Board of Commissioners  
Pinellas Suncoast Fire & Rescue District  
Indian Rocks Beach, Florida

We have audited the financial statements of the governmental activities, each major fund, and the budgetary comparisons for that major fund and the aggregate remaining fund information of the Pinellas Suncoast Fire & Rescue District as of and for the year ended September 30, 2009, and have issued our report thereon dated April 11, 2011.

We conducted our audit in accordance with generally accepted auditing standards, and *Government Auditing Standards* issued by the Comptroller General of the United States. Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local governmental entity audits performed in the State of Florida and require that certain items be addressed in this memorandum.

In planning and performing our audit of the financial statements of the Pinellas Suncoast Fire & Rescue District we considered the District's internal control structure to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we observed an opportunity for strengthening internal control and operating efficiency.

We present our observation under the following captions for your consideration:

CURRENT YEAR

Implementation of GASB Statement 54

PRIOR YEAR

Other Post Employment Benefit Obligation (OPEB)

**CURRENT YEAR**

**Implementation of GASB Statement 54**

We remind the District that the new GASB Statement 54 “Fund Balance Reporting and Governmental Fund Type Definitions” must be implemented for the fiscal year ending September 30, 2011. It is our recommendation that the District plan as to how the new standard will effect their financial reporting.

**PRIOR YEAR**

**Other Post Employment Benefit Obligation (OPEB)**

The Governmental Accounting Standards Board adopted standard No. 45 entitled, “Other Post Employment Benefit Obligation (OPEB)” three years ago. Under this standard the District must calculate and report its OPEB obligation for the fiscal year ended September 30, 2010.

Since these calculations require actuarial credentials we recommended last year that the District take those steps necessary to engage an actuary experienced in the health care industry before September 30, 2010.

This recommendation has been implemented.

This memorandum is intended solely for the use of the District's Board of Commissioners, management, the Pinellas County, Florida Board of County Commissioners and the Florida Auditor General and is not intended to be and should not be read by anyone other than specified parties.

We appreciate the courtesy and assistance provided to us by the District's personnel during our audit. We will review the status of the above comments during our next audit engagement. We have already discussed many of these comments and suggestions with District personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

Ms. Jeanine L. Bittinger, CPA, CPPT  
1956 Bayshore Blvd.  
Dunedin, FL 34698-2503

Dear Jeanine:

In reference to your April 11, 2011 letter to the Board of Commissioners regarding Implementation of GASB Statement 54, please be advised that, in accordance with your recommendation, we have taken the necessary steps to participate in the June 2011 "Governmental Accounting, Reporting & Auditing" seminar by Texas Tech University. Once we have garnered an understanding of the GASB Statement 54 new standard type definitions of fund balance reporting we intend to implement them into our normal operations and financial presentations.

Upon completion of this implementation we will submit our changes for your perusal and concurrence.

Please let us know if you require anything further.

Sincerely,

David Martin  
Accountant
